That Education Council approves the articulation agreement: Okanagan College's Common First Year Engineering Certificate Program and UBCO's Bachelor of Applied Sciences Program as recommended by the CPRC – STH:
- L. Thurnheer, Associate Dean, STH noted that this is one of three agreements that allows students to complete common first year courses then transfer into second year at one of five receiving institutions around the province.
CARRIED

5.3 Curriculum recommended by the CPRC   AFP
a. Program revision: Criminal and Social Justice Diploma
Motion: D. Slack / M. Somerville
That Education Council approves the program revision: Criminal and Social Justice Diploma as recommended by the CPRC – AFP
- N. Bowman noted that this revision will increase the range of relevant courses students can choose from and meets SFU transfer requirements.
CARRIED

b. New course: MATH 013 Introduction to Calculus
Motion: D. Slack / M. Somerville
That Education Council approves the new course: MATH 013 Introduction to Calculus as recommended by the CPRC – AFP
- N. Befus explained that many students struggle with first year calculus and, as a preview for that course, this would to help students better prepare to be more successful.
- J. Ragsdale raised the question of how will the grade in this class work towards the entrance requirements? It was explained that this Intro course doesn't take the place of the Math 12 prerequisite, it is a booster course only.
CARRIED

c. Course revision: MATH 080 Mathematics 080
Motion: B. Wyatt / G. Coulthard
That Education Council approves the course revision: MATH 080 Mathematics 080 as recommended by the CPRC – AFP
- Self paced or lectured course.
CARRIED

d. New course: CMNS 136 Technical Writing & Communications for SCMT I
Motion: R. Tyner / M. Somerville
That Education Council approves the new course: CMNS 136 Technical Writing & Communications for SCMT I as recommended by the CPRC – AFP
- E. Henczel explained that these courses have become specialized. It was also noted that the original submission was amended and re-submitted prior to meeting. SCMT was changed to reflect recent name change of course to SBT.
Last sentence in calendar description will be changed to:
Students with credit for 143 may not take 136 without approval from SBT Chair

- Propose Omnibus to clear out of calendar
CARRIED

That Education Council approves the new course: CMNS 146 Technical Writing & Communications for SCMT II as recommended by the CPRC – AFP
- E. Henczel noted that the original submission was amended and re-submitted prior to meeting. SCMT was changed to reflect recent name change of course to SBT.
Last sentence in calendar description will be changed to:
Students with credit for 133 may not take 146 without approval from SBT Chair

CARRIED

    f. New course: ECON 295 Special Topics in Economics
       Motion: D. Slack / S. Lembke
       That Education Council approves the new course: ECON 295 Special Topics in
       Economics as recommended by the CPRC-AFP

- M. Sale, Chair of Economics, explained that there is high student demand for this type of course.
- Two amendments

j. New course: BUAD 499 Entrepreneurship Experience
Motion: S. Lembke / G. Coulthard
That Education Council approves the new course: BUAD 499 Entrepreneurship
Experience as recommended by the CPRC-BUS
- This is a heavily mentored, reflective and reflexive course style, which is similar to a practicum, but is not a co-op.
- B. Burge requested clarification on the evaluation rubric with this course - how are students graded going through this program?
  In creating the curriculum other practicum style courses were reviewed and it was
