

**Okanagan College Education Council Agenda
Meeting of Thursday, December 7, 2023 4:00pm
S 103B – Student Services Boardroom – Kelowna Campus
Motions for Education Council Meeting**

Appendix 2

Motion: "That Education Council adopts the agenda for the December 7, 2023 meeting as presented."

adding CMNS 124).

4.3 Motion: “That Education Council approves the program revision: Infrastructure and Computing Technology Diploma as recommended by the CPRC – ST.”

Proposal Rationale

The program course flow will need to be modified to allow the introduction of a new course, ICT 228 Scaling Infrastructure & Services. This is accomplished by adding this course into the 4th semester, removing a course from 3rd semester, and moving some courses between semesters to rebalance load and improve topical flow based on current offerings.

Appendix 5.1

5.1. Curriculum recommended by CPRC - BUS

a. Motion: “That Education Council approves the course revision: BUAD279 Industrial Relations as recommended by the CPRC – BUS.

Research Department staff which were instrumental in the mapping and development of this course. This feedback informed the curriculum and course identities that will best support graduates of this program to develop their ability to meet the needs of this specialized training.

h. Motion: "That Education Council approves the new program: Trauma-Informed Practice Micro-Credential as recommended by the CPRC –HSD."

Proposal Rationale

We are proposing the development and delivery of a Trauma-Informed Practice Micro-Credential to provide individuals with an introduction to the best practices of trauma theory. This micro-credential will offer learners a well-rounded un

Post-Secondary and Future Skills – Skills Training for Employment (STE) Program for People who face Multiple Barriers to offer this micro-credential. This funding includes intakes of the Supportive Care Assistant Micro-Credential in January 2024, November 2024, and April 2025.

k. Motion: “That Education Council approves the program revision: Medical Device Reprocessing Technician Certificate as recommended by the CPRC –HSD.”

Proposal Rationale

Continuing Studies & Corporate Training is requesting the removal or revision of several admission requirements for the Medical Device Reprocessing Certificate. Consultation and research show that four requirements are obsolete, and three requirements require updating.

Through these changes, it is our intention to make our admission requirements student-centred and aligned with other programs offered by OC’s Health and Social Development department and other public post-secondary institutions.

5.3 Curriculum recommended by CPRC – ST

a. Motion: “That Education Council approves the new course: ASTR 210 Physical Processes in the Universe as recommended by the CPRC –ST.”

Proposal Rationale

Intended for students of the physical sciences or engineering, this course is an introduction to

Proposal Rationale

Students entering the proposed Cybersecurity Post-Baccalaureate Diploma program may need to have prerequisite skills upgraded either because their original training has grown out-of-date or because it did not include some of the required topics. This proposed course serves to fill that upskilling need so that students can be successful with the cybersecurity course material.

d. Motion: “That Education Council approves the new course: COSC 332 Cyber Forensics & Zero-Trust Network as recommended by the CPRC –ST.”

Proposal Rationale

I. Motion: "That Education Council approves the new course: MATH 258 Numerical Methods as recommended by the CPRC –ST."

Proposal Rationale
